

GEO BON GLOBAL CONFERENCE

Monitoring Biodiversity for Action

Montreal, Canada

10-13 October 2023

Cancellation & Refund Policy - GEO BON Global Conference "Monitoring Biodiversity for Action" 2023

For all cancellations the following cancellation policy applies: Participants may withdraw their registration with a written notice to conf2023@geobon.org sent prior to September 24th, 2023. All refunds are subject to a CAD 100 administration fee (plus any fees the credit card company might take). Unfortunately we will not be able to issue any refunds after September 25th, 2023.

In the unlikely and extreme event of the in-person conference having to be canceled, we will offer a full refund to all delegates or a part-refund with the option to switch to a virtual participation. GEO BON will not be responsible for fees or penalties that conference registrants may incur for non-refundable airline tickets or hotel deposits.
